CACRCS DAYS 2021
Capacity Assessment of Corroded Reinforced Concrete Structures: from Research to Daily Engineering Evaluation

30 November - 3 December 2021
Venue: ON LINE

3rd Edition

SUPPORT OF

- Associazione Italiana Calcestruzzo Armato Precompresso
- Associazione Italiana di Metallurgia
- Associazione Tecnologi per l’Edilizia
- fib Italy Young Members Group
- Politecnico di Milano
- Università degli Studi di Parma

TOPIC
CACRCS DAYS 2021 edition will focus on practical engineering applications achieved with consolidated research works on corroded reinforced concrete and prestressed concrete structures.

Two round tables have been organised, the first one on information of pre-normative and normative documents, and the second one dedicated to sharing the experiences and needs of transport infrastructure stakeholders.

Since 2019 the Workshop has seen the participation of experts in the capacity assessment of corroded reinforced concrete structures. The workshop is open to young researchers, experts and practitioners.

In CACRCS DAYS context, professional engineers can find a community of people able to assist in practice problem solving and in making-decision procedures for the maintenance of existing structures.

ORGANIZING COMMITTEE

Coordinators: Beatrice Belletti (University of Parma), Dario Coronelli (Politecnico di Milano)
Anna Magri (CTE)
David Fernández-Ordóñez (fib Secretary General)
Luc Taerwe (Ghent University, Editor-in-Chief Structural Concrete Journal)
Isabella Giorgia Colombo, Marta Del Zoppo, Lorenzo Franceschini, Francesca Vecchi (fib Italy Young Members Group)
Carmen Andrade (CIMNE - UPC), Fabio Bolzoni (Politecnico di Milano), Joan Ramon Casas (UPC), Airong Chen (Tongji University), Zila Rinaldi (Università di Roma Tor Vergata), Jesus Rodriguez (UPM), Joost Walraven (Em. TU Delft), Weiping Zhang (Tongji University)

SCIENTIFIC COMMITTEE

Andres Torres-Acosta (Tecnologico de Monterrey), David Bastidas (University of Akron), Tiziano Bellezze (Università Politecnica delle Marche), Veronique Bouteiller (IFSTTAR), Bruno Briseghella (Fuzhou University), Nuno Ferreira (Arup), Joost Gulikers
CALL FOR ABSTRACT
The CACRCS DAYS welcome all contributions related to the behaviour of reinforced concrete, fibre reinforced concrete and prestressed concrete structures damaged by corrosion; with both numerical and experimental approaches.

You can submit abstracts and papers to the website of CACRCS event, that will be available soon.

PAPER SUBMISSION
Authors willing to present their work at the CACRCS DAYS 2021 are invited to kindly submit an abstract in accordance with the sessions of the workshop. The abstract should not exceed 750 characters. Accepted papers will be included in the Proceedings of the Workshop that will be sent to Scopus-Database. The template for abstracts and papers is available on the CACRCS website (www.cte-eventi.com/cacrcc/ - coming soon).

AWARDS
Awards will be conferred to the most outstanding paper presented by a fib young member and to the most excellent paper presented in the workshop.

EVENT ON LINE
As a speaker, you will intervene live in streaming on Zoom from anywhere in the world.

The authors will be asked to sign a document authorising the use of the records of their presentations by the organizing committee for the purpose of the event.

The authorization document will be available soon on CACRCS website (www.cte-eventi.com/cacrcc/ - coming soon).

SPONSORS
The companies interested in supporting the event can contact us by e-mail to cacrcs@cte-eventi.com

PRELIMINARY PROGRAM
Special sessions are organised during the workshop. During the submission process, Authors are invited to kindly select the session where they are willing to present their papers. Each session will include both research and engineering applications focussing on what is needed for the evaluation of corroded structures.

CACRCS DAYS 2021 includes Round tables to promote discussions.

The virtual workshop offers didactic material for engineers, practitioners, scientists, concrete technologists, researchers, and academics to improve the knowledge about corrosion of reinforced concrete structures.

Tuesday 30 November

Welcome and Introduction
B. Belletti, D. Coronelli, Coordinator Event
Claudio Failla, CTE President
David Fernández-Ordóñez, fib Secretary General
Luc Taerwe, Editor-in-Chief of Structural Concrete

Round table on pre-normative and normative documents
The participants invited will share their views on normative (codes and standards) and pre-normative (model codes, manuals, guides) documents treating the structural assessment of existing deteriorated concrete structures with special emphasis on corrosion.

A1) Basis of design, safety approach
Key-note Speakers:
Robby Caspeele, Ghent University
Peter Tanner, IETcc-CSIC
Models of material deterioration for the integration in the structural assessment

Key-note Speakers:
Carmen Andrade, CIMNE - UPC
Federica Lollini, Politecnico di Milano
Giovanni Plizzari, Università degli Studi di Brescia

Structural assessment of corroded members (beams, slabs, columns, walls)

Key-note Speakers:
Joost Walraven, Em. TU Delft
Pieter Desnerck, University of Cambridge
Weiping Zhang, Tongji University

Prolongation of structural life with proactive or reactive interventions

Key-note Speakers:
Ueda Tamon, Shenzhen University
Benoit Bissonnette, CRIB - Laval University

Case studies for the assessment and structural evaluation of corroded existing bridges and infrastructures

Key-note Speakers:
Edoardo Cosenza, Università degli Studi di Napoli
Federico II
Akio Kasuga, Sumitomo Mitsui Construction
Marco di Prisco, Politecnico di Milano

Round table on bridges with transport infrastructure

Invited transport infrastructure stakeholders, responsible for the maintenance and exploitation of transport infrastructures, with direct vision of the situation of bridges in the road networks, highways and railways, will share their experiences on corroded concrete bridges.

REGISTRATION FEES
are VAT exempted and include participation in the virtual workshop and proceedings in electronic format.

Standard fee €250,00
(including CTE membership)

Reduced fee €150,00
(for CTE, fib, aicap Member 2021)

REGISTRATION FORM
You will register directly from the CACRCS website (www.cte-eventi.com/cacrcs/) and make the payment by credit card or bank transfer to CTE. The registration form will be available soon.

For Bank Transfer please indicate
Name Surname – CACRCS 2021

CTE – Bank Intesa San Paolo
IBAN IT59C0306909606100000113883
BIC SWIFT: BC IT IT MM
